

Hello everyone and welcome to another exciting year of Allen Basketball. Once again we are recruiting students to showcase their talents during the Girls and Boys Varsity home games. Last year we had great participation from the ASA girls and boys basketball teams, as well as a plethora of talented Allen ISD students to perform. This year we are looking to make the half time shows an even bigger Allen Family Event.

All performances will be scheduled after the AHS Cheerleaders have performed. If your group requires electronic music, then we will coordinate with Rob Dalton who is the Official Announcer and Music Coordinator during all basketball games. If you have younger siblings or students that attend Allen ISD that would like to showcase their talents please let us know. We are looking for students to: Perform Dance, Cheer, Step, Rap, Sing, play musical instruments, Bands, Drum line, or perform any genre of musical artistry. We are also looking for students to sing the National Anthem. We wish to provide a venue to support our youth in experiencing their dreams of working within the entertainment industry.

All performances will meet the following requirements:

1. All Participants in the half time events will enter free of charge, all other adults / friends / family will have to pay the door cover charge.
2. All performances will be no more than 6 minutes in accordance with UIL district rules.
3. All performances will maintain proper decorum and standards when participating in school functions as established by school guidelines.
4. ASA Coaches will provide a roster of players participating in the event.

I have attached a copy of the schedule for boys and girls varsity games. We would like to schedule performances for every game if possible, if not possible, we will work with the dates that district games begin. Girls district games begin December 9th , Boys district games begin December 20th .

If you know of anyone that would like to participate and perform, please pass this email on to them. Slots are filling up fast, if you are interested, please contact my wife Lesia, or myself via Email or Phone.
